Dear Thomas Coward,

RE: WaterMark Level 1 LICENCE ISSUANCE ENDORSEMENT: WM-022446
Certificate of Certification No.: IAPMO-WM-022446-I01-R01

It gives me great pleasure to forward your revised WaterMark Level 1 Licence and Schedule which includes the endorsed product models.

The licence has an expiry date as indicated in the lower right hand corner of the WaterMark Licence and IAPMO R&T Oceana will notify you in advance of the date of expiry to enable the necessary process to take place to renew the Licence and Schedule.

If in the future there is a need to include additional models to your WaterMark Schedule, please notify IAPMO R&T Oceana by either completing a new WaterMark licence application form specifying the new models that are to be added; or alternatively, notify IAPMO R&T Oceana in writing. Please provide supportive technical documentation with your application to enable a technical assessment of the new models to be made.

The WaterMark Licence Endorsement fee, as per the current IAPMO R&T Fee Schedule, will be invoiced and forwarded to you with this letter.

If you need any clarification or wish to discuss any issues relating to your WaterMark certification, please do not hesitate to contact me.

Yours sincerely,

Adam Wegmann
