

AVAS0911 "VIEQUES " vasca in metallo / metal bathtub

La vasca "Vieques" deve essere installata su un pavimento perfettamente in piano e non può essere incassata.
Predisporre l'impianto di scarico a pavimento con tubo terminale diametro 40 mm con OR di tenuta, possibilmente nell'area indicata in figura A a filo del pavimento finito.

The "Vieques" bathtub must be positioned on a flat floor surface.
Built-in installation not allowed.
Prepare the sewage mains in the floor, ending with a 40 mm diameter pipe with a sealed OR gasket, possibly within the area indicated in figure A on the finished floor level.

Attenzione: evitare di trascinare la vasca sul pavimento senza interporre un panno, per evitare di intaccare la verniciatura del bordo.

Attention: do not drag the bathtub over the floor without placing a cloth between bathtub and floor in order to avoid scratching of the edge's varnish.
