Cove Marrone

## Cove Marrone c/o Thomas Coward

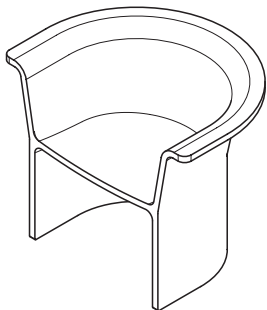

---

*The Cove chair is designed to highlight the purity and strength of terracotta.*

Two negative shapes are placed on top of each other, one creating lift, the other creating support. The Cove chair evokes the coastal formation that its name derives from; it exists by the absence of matter.

---

Cove Marrone  
850 x 625 x 680H  
70kg
